

The "Eyes on Islands" - St. Margaret's Bay Island Community Stewardship Program" is a network of volunteers who monitor, steward, observe and report on the community usage, wildlife observations and other noteworthy aspects of the islands of St. Margaret's Bay.

This program intends to direct and focus community efforts to look after the natural treasure that is St. Margaret's Bay and its islands. If you are on the water and see something worth noting, let us

## Explore your Community

If you would like to be involved with the "Eyes on Islands" program please get in touch with Mike Lancaster - Stewardship Coordinator - by phone: 902-441-7672 or by email: [mikeus\\_lancaster@hotmail.com](mailto:mikeus_lancaster@hotmail.com).

# Eyes On Islands

The treasures of St Margarets Bay

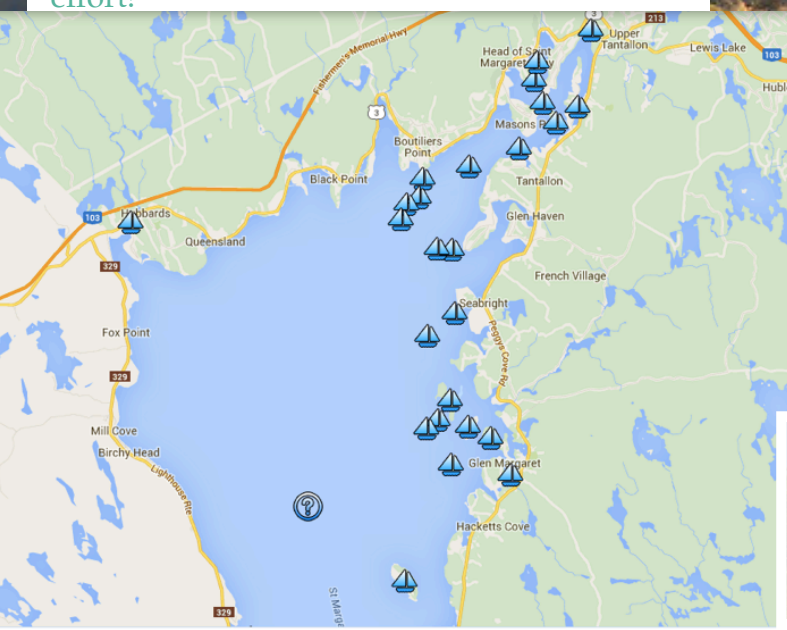

**Report Methodology:** Reports are submitted (1) electronically using an email template provided to Eyes on Islands Stewards, and (2) via phone calls to the Program Coordinator.

### Island Stewards/Volunteers:

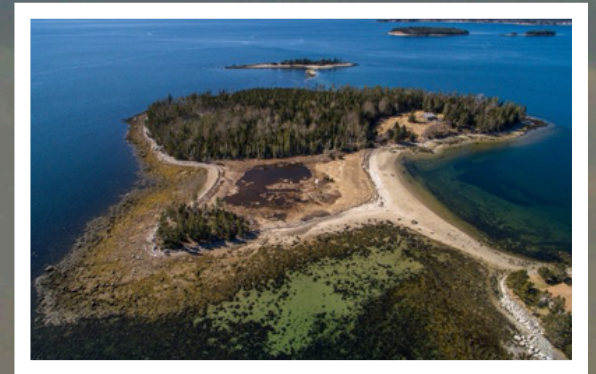

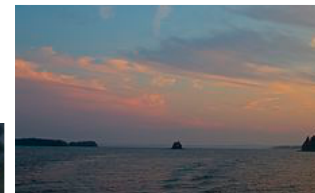

Eyes on Islands Stewards are members of the St. Margaret's Bay community, and beyond, who possess a strong sense of community ownership and values with regard to the ecological integrity and diverse historical usage of the waters and the islands of St. Margaret's Bay.

We are always looking for sailors, kayakers and boaters who frequent the waters and the islands of St. Margaret's Bay. Please, join us in this community effort!

## Program Goals

1. To bolstered shared community and ecological values in regard to the human usage of the islands of St. Margaret's Bay.
2. To allow the islands of St. Margaret's Bay to continue to be used by the public in a safe, community-conscious and ecologically sensitive manner.
3. To promote education of applicable laws and best practice environmental recreation on the water and the islands of St. Margaret's Bay as well as the applicable laws.
4. To observe and monitor the wildlife diversity of the St. Margaret's Bay area.
5. To provide the St. Margaret's Bay community with an organized structure within which to promote the shared use and multiple values of our islands.

The program is overseen by the St. Margaret's Bay Stewardship Association and coordinated by Mike Lancaster – Stewardship Coordinator.
